Angela,

I've already copied these files to the O drive. Receipt of these files needs to be noted in WQ04-1 files in the CTS for each of the 4 PCFCorp mines.

Dennis Oakley

Gentleman:

Enclosed are the monthly discharge reports for the Deer Creek, Des-Bee-Dove, Trail Mountain, and Wilberg mines and the Hunter Coal Preparation and Blending Facility for the month of January, 2004. There was one (1) exceedance to report for this reporting period. The Deer Creek Mine Sediment Pond exceeded the maximum daily allowable TDS (5000 mg/L) with a value of 6131 mg/L. Historically, increased TDS in the pond occurs during the wintertime months as road salt is applied to travelways within the mine property. A 50/50 mixture of sand/salt is being utilized to treat roadways for snowmelt.

If you have any questions concerning this report, please feel free to call either Dennis Oakley at (435) 687-4825 or Chuck Semborski at (435) 687-4720.

Sincerely,

Douglas E. Johnson
Manager of Administration and Technical Services
